Top 5 Junior Member Abstract Program Winners Announced at CAP18

Winners in this year's College of American Pathologists (CAP) Top 5 Junior Member Abstract Program were recognized during ceremonies held at the recent CAP18 meeting in Chicago. CAP President R. Bruce Williams, MD, Archives of Pathology & Laboratory Medicine. Deputy Executive Editor Donna E. Hansel, MD, PhD, and CAP Chief Executive Officer Stephen Myers personally congratulated the winners on Sunday, October 21.

All abstracts accepted for presentation at the CAP18 meeting and for Archives Web-only publication that were submitted by CAP junior members were eligible for selection as one of the Top 5 Junior Member Abstract Program winners. Prior to being selected as a winning abstract, these submissions were reviewed by a group of experts within various anatomic and clinical pathology disciplines who were blinded to the authors' identities.

The winning abstracts (CAP junior members shown in bold) are as follows:

**First Place ($1,500):** Codeletion of 1p and 1q in IDH-Wild Type Glioblastoma: Five Cases Illustrating a Small but Distinct Subset of Glioblastoma. Wen Zhong, MD1 (zhongw16@ecu.edu); Keith A. Tucci, MD2; Regis G. Hoppenot, MD2; K. Stuart Lee, MD3; Dimitri G. Trembath, MD, PhD1; Philip J. Boyer, MD, PhD1 Departments of Pathology and 3Vidant Neurosurgery, East Carolina University and Vidant Medical Center, Greenville, NC; 3Department of Pathology, University of North Carolina, Chapel Hill.

**Second Place ($1,000):** The Important Role of Pathology in the Diagnosis of Hemophagocytic Lymphohistiocytosis. Hongzhi Xu, MD, PhD (hxu@lsuhsc.edu); Guillermo Herrera, MD; Eric Wei, MD, PhD; Department of Pathology and Translational Pathobiology, Louisiana State University Health Science Center Shreveport, La.

**Third Place ($750):** Drug and Herbal Dietary Supplement-Induced Liver Injury: A 5-Year Experience in a Tertiary Care Center. Ayesha S. Siddique, MD (ayas@siddique@hhchealth.org); Saverio Ligato, MD; Department of Pathology and Laboratory Medicine, Hartford Hospital, Hartford, Conn.

**Fourth Place ($500):** Fluorescent In Situ Hybridization for the X and Y Chromosome Centromeres Helps Differentiate Between Gestational Choriocarcinoma and Nongestational Trophoblastic Neoplasms. Rumeal D. Whaley, MD (rwhaley@iu.edu); Liang Cheng, MD; Thomas M. Ullbright, MD; Department of Pathology and Laboratory Medicine, Indiana University School of Medicine, Indianapolis.

**Fifth Place ($500):** Effect of Positive Patient Identification on Wrong Blood in Tube Errors: A Single Center Experience. Faisal Huq Ronny, MD, PhD1 (fmhronny@hotmail.com); Mary I Harach, BS, MT2; Jay I. Herman, MD3 Departments of 1Pathology and 2Blood Bank and Transfusion Medicine, Thomas Jefferson University Hospital, Philadelphia, Pa.

The Abstract/Case Study Review Committee for CAP18 acknowledges the efforts of the following individuals for their assistance in selecting the winning Top 5 Junior Member abstracts:

- David A. Schwartz, MD, Chair
- Alain C. Borzutz, MD
- Kim A. Collins, MD
- Genevieve M. Crane, MD, PhD
- Maria M. Picken, MD, PhD
- Nicole D. Riddle, MD
- Jee Y. Ro, MD, PhD
- Deborah A. Sesok-Pizzini, MD, MBA
- Roseann I. Wu, MD, MPH
- Rhonda K. Yantiss, MD

The accepted CAP18 abstracts and case studies are available on the Archives Web site (www.archivesofpathology.org; click on the CAP Annual Meeting Abstracts link).

Accepted for publication: August 1, 2018.
